Storage

All videos will be password protected and stored on the First Bridge Centre's share drives in accordance with the most up to date General Data Protection Regulations (GDPR) and/or other current UK laws.

Videos will be destroyed upon request of the family or at the end of the following calendar year, whichever comes first.

Access

Families who wish to access videos of their child's therapy sessions can request to do so. Videos will be reviewed during parent training sessions or in the centre with your child's BCBA or the Clinical Director.

Families have the right to revoke all above permissions at any time by contacting First Bridge Centre in writing.

Please note that by signing below you also acknowledge that families are not permitted to video tape or record staff or therapy sessions (with or without staff visibly present) without their knowledge and consent. Doing so would violate GDPR and the First Bridge Centre client services agreement and could be grounds for service termination.
